## Global LNG Supply/Demand

Geoffroy Hureau, Secretary General, CEDIGAZ

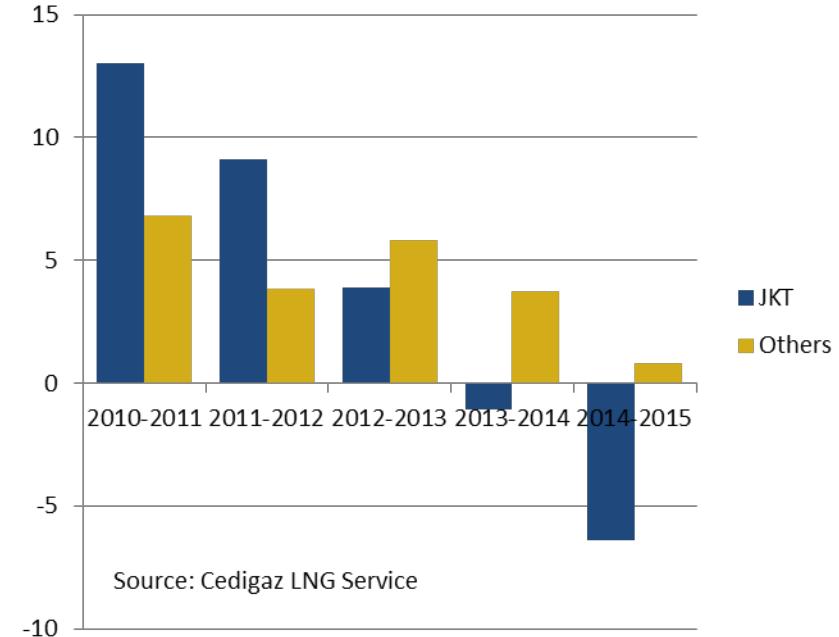

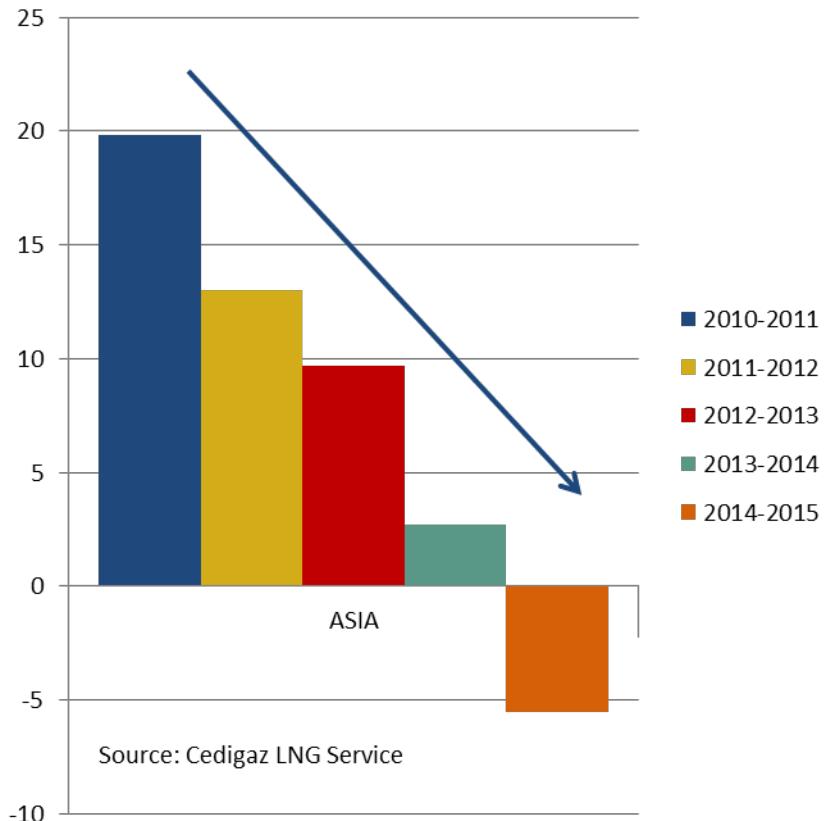

# 145 mmtpa of new liquefaction capacity in 2016-2021

- Angola LNG \*\*Angola LNG, Egypt, Yemen
- The possible restart of Yemen LNG could add back an additional 6.7 mmtpa

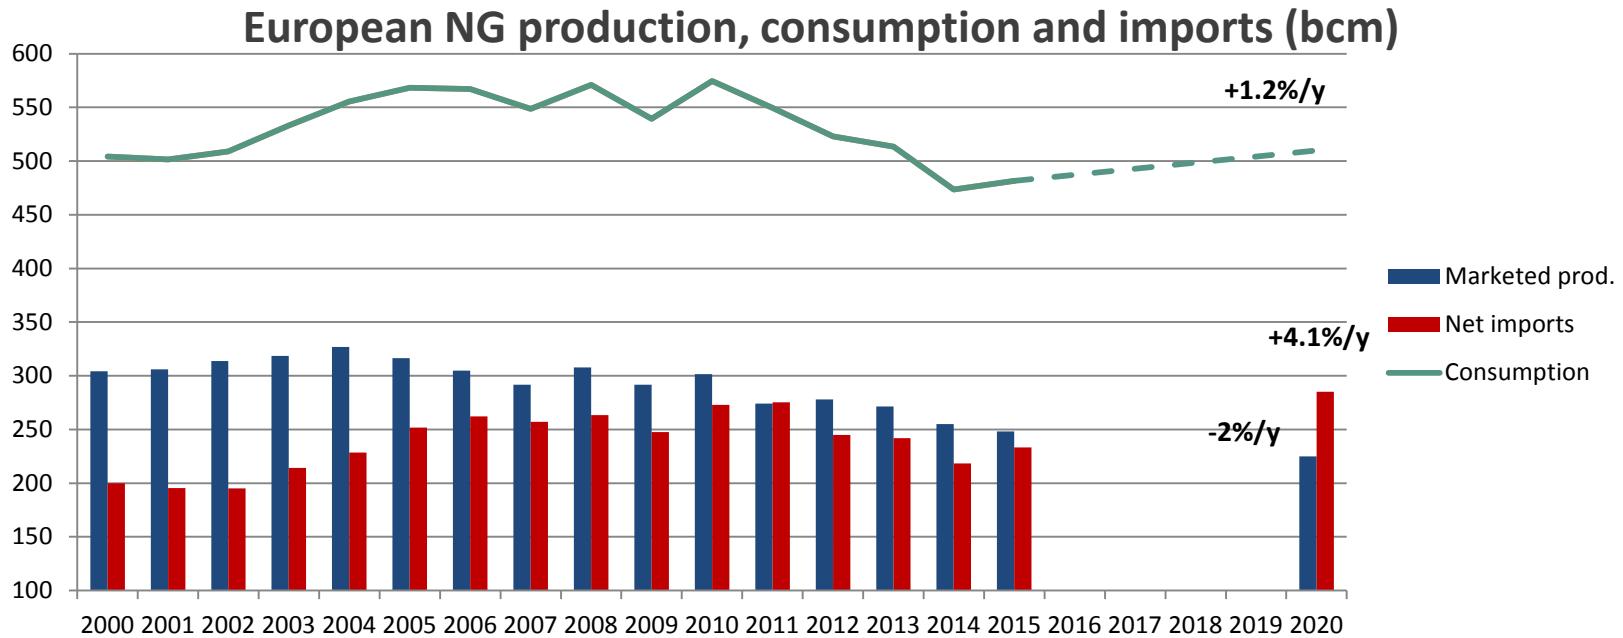

# Ailing Asian LNG Market

Annual change in LNG demand (bcm)

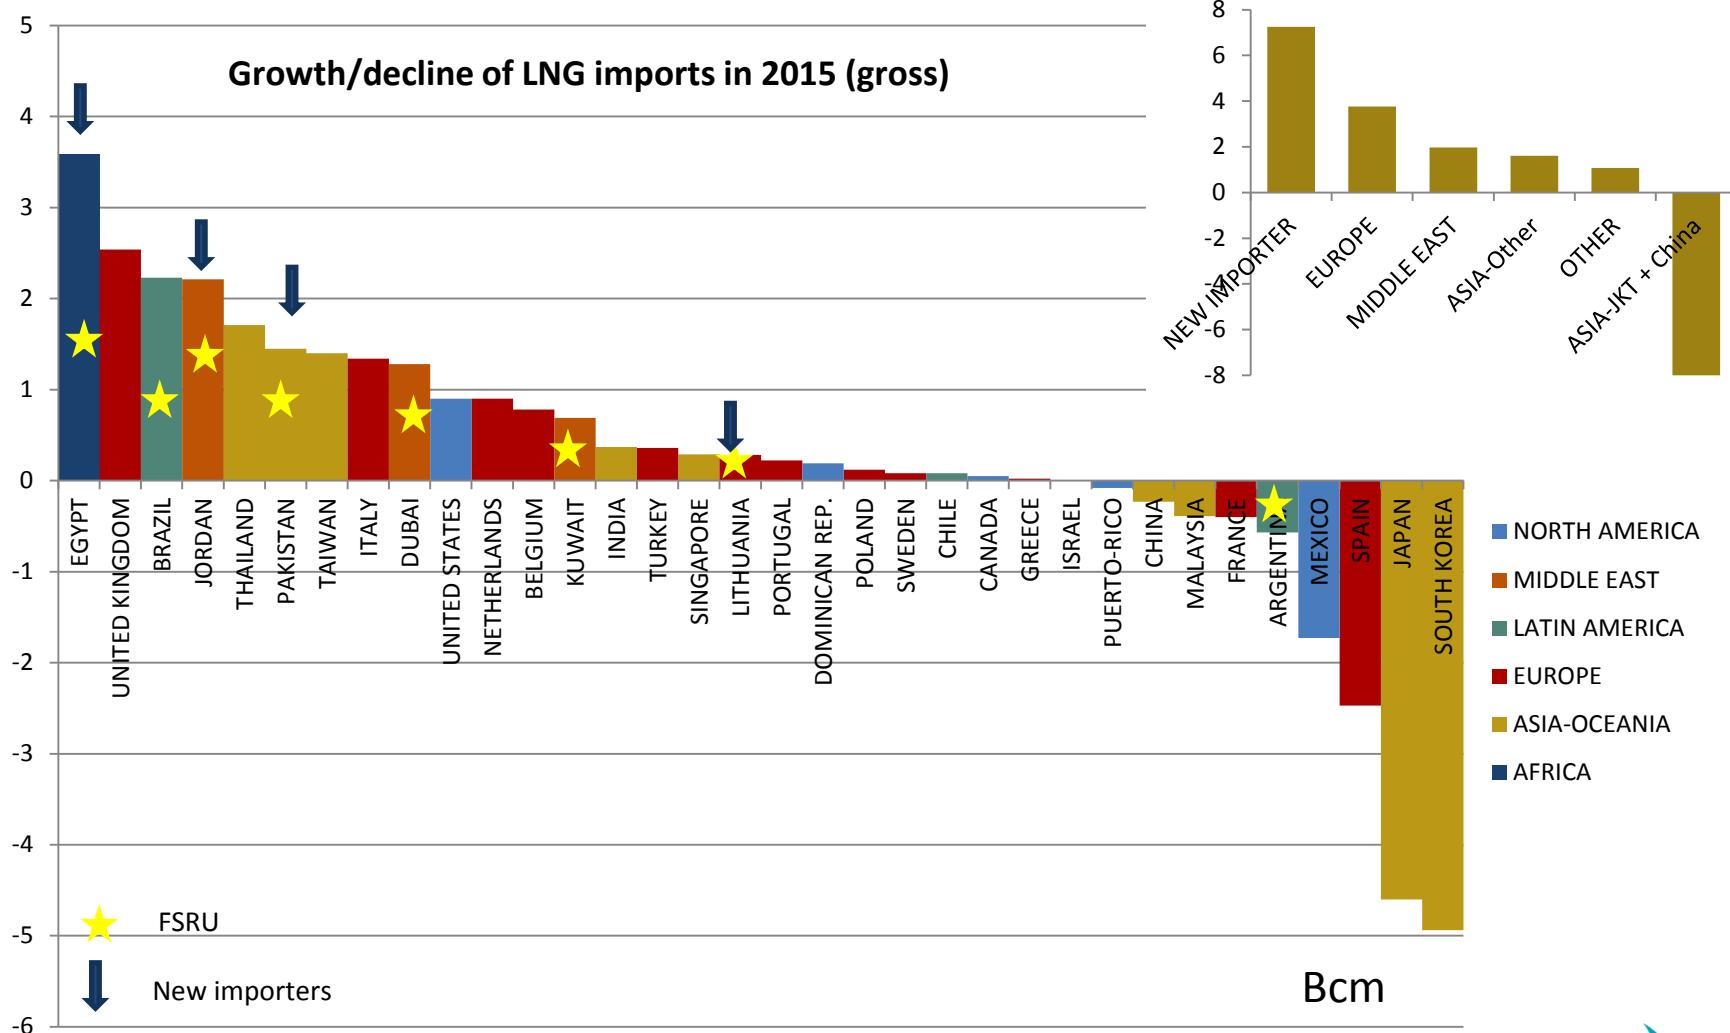

Asian growth had been weakening since 2011

# Europe market of last resort?

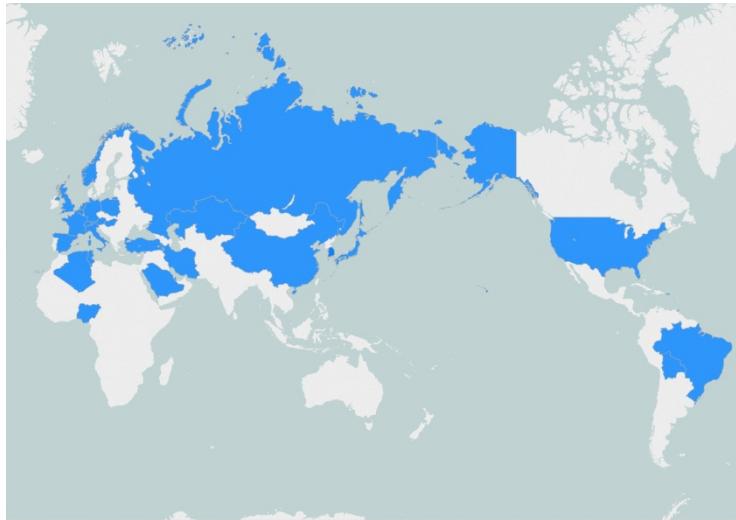

- Swing market for LNG
- (+) Huge regas capacity ↔ (-) But 36% Spain, 22% in the UK
- (+) Falling indigenous production ↔ (-) Huge uncertainty on demand
- Gazprom has a surplus of more than 100 bcm of low-cost gas

# New importers driving the growth 2015
